LED LIGHTING SOLUTIONS

Unmatched Quality & Innovation

In 2004, TecNiq Inc. was formed with one simple focus in mind. To create the most efficient and cost saving LED products available. Utilizing today's technology, TecNiq engineers have created new lens design methods. Our products incorporate marine grade passivated stainless steels, automotive grade polycarbonates and polyurethane sealed circuit boards. We take great pride in knowing our products have set the new level of performance per dollar on the market.

The business relationships we build with our customers reflects back on our "Customer for Life" motto, ensuring that we remain your trusted partner for all of your lighting needs. TecNiq Inc. is headquartered in Galesburg, MI and proudly designs and assembles our products in the **USA**.

CRITICAL LIGHTS THAT ARE 100% RELIABLE 100% DURABLE

When it comes to lighting up your truck there are lots of choices. But why waste time with lights that need to be replaced regularly? At TecNiq we specialize in DOT lighting that works time-and-time again. In addition, TecNiq carries a Lifetime Warranty on all DOT lighting.

TecNiqInc.com

TecNiq manufactures the highest quality, most technologically advanced LED lighting solutions in the industry. We believe that brighter, longer lasting LED products help keep our customers safe, and we stand behind every light we make with a Lifetime Warranty.

All TecNiq lights are produced with **TecSeal**, our proprietary polyurethane potting material. TecSeal is developed to last longer and can withstand more extreme weather than competitors lights.

TecNiq is your premier **OEM Supplier** for LED lighting solutions. We take pride each and every day in our commitment to supporting the manufacturers that rely on us for their lighting needs. With technical support, account, and delivery information readily available, it's easy to see why so many companies are choosing TecNiq.

TecNiq is proud to offer a No Haggle, Limited Lifetime Warranty on all of our LED products. Take the worry out of your OEM experiences, and have piece of mind that TecNiq lights will light up time and time again, or we will replace them.
