LED LIGHTING SOLUTIONS

Unmatched Quality & Innovation

Today's bus manufacturers work hard to make sure that every feature and function works together. By highlighting Safety & Longevity, manufacturers provide great value to their customers. At TecNiq our goal is to help manufacturers by taking the worry out of their lighting choice, providing the highest quality **LED lighting solutions** on the market. We take great pride in knowing our products will help bus manufacturers keep our kids, drivers and communities safer.

At TecNiq we start with high quality LED's, and add our industry leading proprietary technologies such as TecSeal polyurethane potting for guaranteed waterproof seals, and the best lens design in the industry. The end result is the **brightest, longest lasting**, and most **cost efficient** LED products on the market.

TecNiq manufactures the highest quality, most technologically advanced LED lighting solutions in the industry. We believe that brighter, longer lasting LED products help keep our customers and communities safe, and we stand behind every light we make with a Lifetime Warranty.

TecNiq lights are produced with **TecSeal**, our proprietary polyurethane potting material. TecSeal is developed to last longer and can withstand more extreme weather than competitors lights.

TecNiq is your premier **OEM Supplier** for LED lighting solutions. We take pride each and every day in our commitment to supporting the manufacturers that rely on us for their lighting needs. With technical support, account, and delivery information readily available, it's easy to see why so many companies are choosing TecNiq.

TecNiq is proud to offer a **No Hagggle, Limited Lifetime Warranty** on all of our LED products. Take the worry out of your OEM experiences, and have piece of mind that TecNiq lights will light up time and time again, or we will replace them.
